SUBJECT INDEX, VOLUME 38

Adrenal
  cholesterol and ascorbic acid content, 1
  assay of hormones, 79, 165, 178, 189, 197
  and water metabolism, 127
  and nephrosclerosis, 296
  and nephritis, 315
  changes induced by nitrogen mustards, 376
Adrenalectomy
  and effect of desoxycorticosterone, 26
  and acetone bodies, 30
  effect on reproductive organs, 156
  serum toxicity in, 402
Adrenotrophin
  effect on cholesterol and ascorbic acid, 1
Alloxan
  diabetes influenced by stilbestrol, 10
  and oxidative enzymes, 245
Androgens
  metabolism of, 19
  and growth of cartilage, 65
  absence in diet, 260
Ascorbic acid
  in adrenal, 1
Assay
  of adrenal cortical hormones, 79, 165, 178, 189, 197
Association Notices, 62, 406

Bone
  effect of estrogen on, 238

Castration
  and adrenalectomy, 156
Cholesterol
  in adrenal, 1
Chorionic gonadotrophin
  effect on ovary, 219

Eclampsia
  histochemical changes in, 90
Enzymes
  peroxidase activity of thyroid, 137
  succinoxidase system of thyroid, 152
  oxidations and alloxan, 245
  phosphatases of thyroid, 270
  adenosine triphosphatase in ovary, 358
Estrogens
  effect on alloxan-diabetes, 10
  inactivation of, 133
  effect on crystal structure of bone, 238
  passage in parabiosis, 249
  inactivation in B-vitamin deficiency, 300
  and hair growth, 368

Folic acid
  and estrogen inactivation, 133

Goitrogens
  promizole, 110
  thiouracil, 58, 230
  thiourea, 147, 230
  affecting thyroid, 308
Gonadotropins
  effects on ovary of the fowl, 71

Histochemistry
  of placenta, 90
  of thyroid gland, 270
  of adrenal, 385
Hydatidiform mole
  histochemistry of, 90
Hypophysis
  relation to goitrogens, 110
  effect of thyroid, 122
  relation of nephrosclerosis, 296
  activation by electrical stimulation, 345

Inserts
  hormones of, 35, 46

Liver
  glycogen influenced by thiourea, 147

removal and estrogen inactivation, 212
and inactivation of progesterone, 215

New Books
Physical Chemistry of Cells and Tissues, 60
Bioenergetics and Growth, 136
Annual Review of Physiology, Vol. III, 404

Ovary
gonadotrophic effect in fowl, 71
effect of chorionic gonadotrophin on, 219
adenosine triphosphatase in, 358

Parabiosis
passage of estrogens in, 249
Placenta
histochemistry of, 90
Progesterone
administration as microcrystals, 214
inactivation of, 215
activity and chemical structure, 401

Reproductive system
after castration and adrenalectomy, 156
acid-base balance in menstrual cycle, 258
effect of thiouracil on, 337

Thiouracil
action of, 58
effect on succinoxidase of thyroid, 152
effect on dog thyroid, 230
effects on monkey thyroid, 325, 331
effect on reproduction, 337
Thiourea
effect on fat and glycogen, 147
effect on dog thyroid, 230
Thyroid
Iodine content of, 122
anti-thyroid effects, 58, 110
anti-thyroid effects on fat and glycogen, 147
peroxidase activity of, 137
succinoxidase system of, 152
metabolism of hormones, 230
and tissue metabolism, 260
histochemistry of, 270
goitrogenic compounds affecting, 308
of monkey after thiouracil, 325, 331
and reproduction in rat, 337
Thyroxine
effect on dog thyroid, 230
effect on tissue response, 260
effect on response to cold, 263

Vitamins
and adrenal hormones, 127
and estrogen inactivation, 133
and adrenal cytochemistry, 385
